

Online Permit Application

I. Subscribe

Internet Browser

It's recommended to use Google Chrome during the application process. However, some settings and Add-Ons have to be installed on your browser before proceeding with the application:

- Open the following link <https://dallastx.avolvecloud.com/>
- Add this URL as a trusted site.
- Turn off Pop-Blockers.
- Click on ***ProjectDox components*** to install Add-Ons.

Note: if you are using a device for which Google Chrome is not an available browser option, please use Microsoft Edge. Firefox is also acceptable.

Chrome Instructions

Create your account

- Open the following link, <https://dallas-tx-us.avolvecloud.com>
- Click the **Create an Account** button

Welcome to the City of Dallas ePlan Portal!

The ePlan Portal enables you to submit an online application request for Building and Engineering Projects. Plans and documents will be submitted, reviewed and approved electronically.

Online Submittal:

Submission of an online application request for a Building or Engineering Project requires the applicant to complete the documentation form, upload the plans and associated required documentation and to pay for the permit. "The [How to Guide for ePlan Submittals](#)" will help you to understand the process.

Timelines:

Once you have completed the online submission process City Staff will begin the pre-screening process. The initial request may take from 7 to 10 business days to be pre-screened. Once the pre-screening is complete your plans will be assigned to a Senior Plans Examiner for review.

An incomplete submission will delay the pre-screening of your submittal and increase the review time for your project.

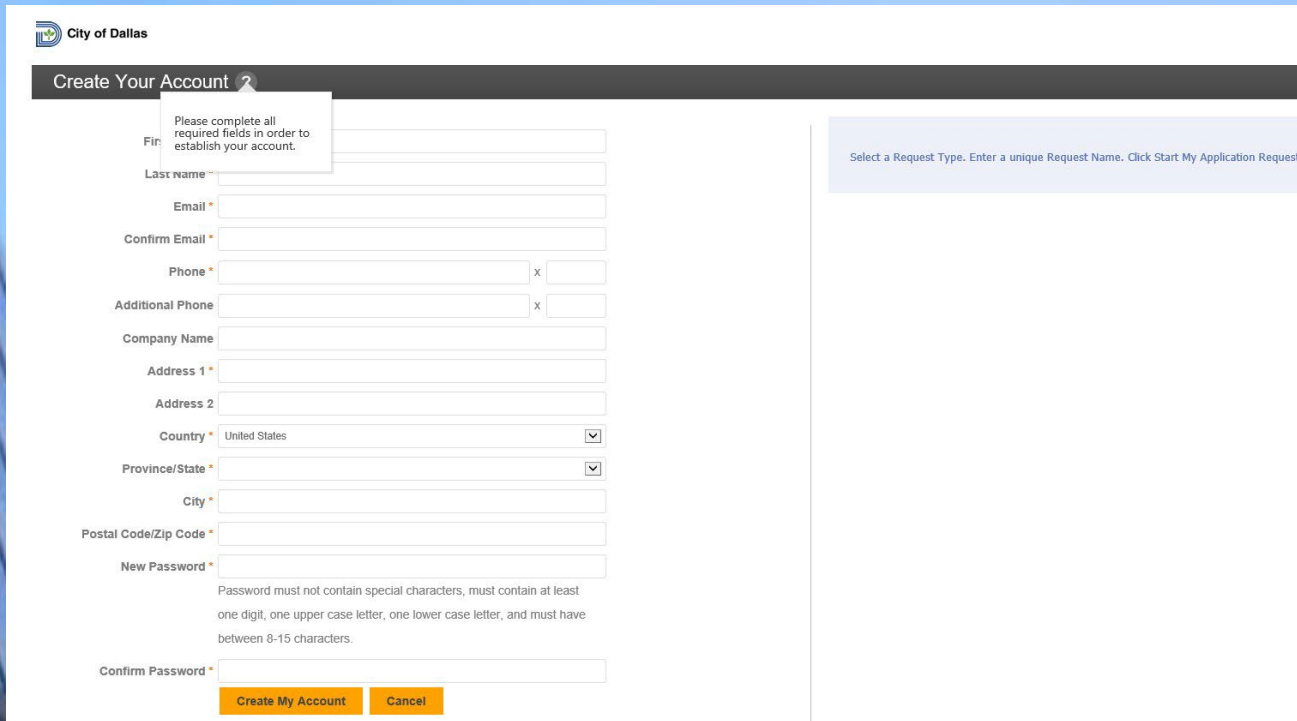

Please refer to the "[How to Guide for ePlan Submittals](#)" for more information on electronic submittals.

Help & Support:

For help and support information please refer to the following resources:

Create your account (cont)

- Fill out your information, then click **Create My Account**

The screenshot shows the 'Create Your Account' form for the City of Dallas. The form is divided into two main sections. The left section contains various input fields for personal and contact information, while the right section is for request details. A tooltip is visible over the 'First Name' field, and a password requirement note is at the bottom.

Note. Fields with a red asterisk (*) are required

10. **Permit Type.** This section is exclusive for two request types: ***Master permit*** and ***Building Project*** applications.

- a. **Master Permit application.** This section consists of one dropdown list with fourteen different types of permits that can be selected, permits listed in alphabetical order:

Backup Generator	Grading and Paving
Electrical	Mechanical
Excavation	Paving (Sidewalks and Drive Approach)
Fence	Plumbing
Fire alarm	Security System
Fire Sprinkler	Swimming Pool
Flammable Liquid	Tent

Note. Fields with a red asterisk (*) are required and fields in Project Details vary depending on the selected permit.

b. **Building Project application.** This section consists of a selection box and a dropdown list with nine different types of permits that can be selected.

- **Application Type** selection box. Select the team that will review the project.

- a. **Regulate Review.** The project will go through the regular review process.

- b. **Q-Team review (Express).** Project contractors and reviewers meet to evaluate and review the project. *Additional fees will apply when selecting this option.*

■ **Permit Type:** Permits listed in alphabetical order:

Commercial – All other Commercial 1 st time Finish Out	Commercial – Multi family Addition	Residential – Garage Conversion for Single Family Dwelling
Commercial – All other Commercial Addition	Commercial – Multi family New Construction	Residential – New 1 or 2 family Dwelling
Commercial – All other Commercial New Construction	Commercial – Multi family Renovation	Residential – Remodel 1 or 2 family Dwelling
Commercial – All other Commercial Renovation	Commercial – Multi family Renovation and Addition	Addition or Addition/Removal to 1 or 2 family Dwelling
Commercial – All other Commercial Renovation and Addition		

Note. Fields with a red asterisk (*) are required and fields in Project Details vary depending on the selected permit.

11. **Project Details.** This section is where information related to the project is entered. Information like:

Contractor #	New Square Footage	Number of Bedrooms
Contractor PIN #	Total Square Footage	Number of Bathrooms
Project Description	New Construction Valuation	Required Parking
Use of Property	Number of stories	Proposed Parking

Items vary depending on the permit type selection. For example, if a Residential addition or renovation permit is selected, the section provides a list of trades to choose from, otherwise the list of trades are hidden. The trades are:

Building	Fire Sprinkler	Landscape	Paving/Grading
Electrical	Fire Alarm	Metal Gas	Backflow
Mechanical	Drive Approach/ Sidewalks	Energy	Flammable Liquids
Plumbing	Green	Health	Other

To continue with the Master Permit application example, permit type ***Residential – New 1 or 2 family Dwelling*** was selected.

12. Step 7 - Site Plan Review and Zoning Information (optional). This section shows up depending on the selected request type and its content varies depending on the permit type.

Information on the top are optional, but the Yes or No questions at the bottom are required.

– Site Plan Review and Zoning Information (optional)

Existing Use	<input type="text"/>

Required Yes/No questions

13. **Agreement.** The verbiage of this section is the same as the application form and the applicant is required to select one of the following: ***I agree***, or ***I do not agree***.

It is also required to select the options on the Asbestos survey; ***Yes***, ***No (Permit cannot be issued prior to notification of survey being conducted.)*** or ***Not Applicable***.

- Agreement

INCOMPLETE

The following is applicable to all applications for building permits that are accepted and routed for any reviews. As required by Texas Local Government Code Section 214.904, the City of Dallas will grant (Approve) or deny your building permit application to erect or improve a building or other structure no later than the 45th day after the application is submitted. Denial of a permit application due to time constraints may be avoided by agreeing to allow the City the following additional time to review the application:

I hereby agree to a deadline of 14 days to grant or deny the permit after the date of the approval of all of the following reviews, as applicable, where the applicant has provided the plans examiners the requested corrections, plans and actions; and, the contractor has been named on the permit:

Zoning, Building Code, Electrical Code, Plumbing/Mechanical Code, Green Building Code, Health, Historical/Conservation District, Engineering/Flood Plain, Water Utilities, Fire Code, Landscaping and Aviation.

If the permit is granted (Approved) within this deadline the City will retain and/or assess all fees. If the permit is denied within this deadline, the City will retain all plan review fees and 20 percent of the permit fees. If the permit application is not granted or denied within the agreed additional time of review, the City will refund any permit fees that have been collected and the City may not collect any permit fees associated with the application.

I understand that this permit application will expire in 180 days from the application date. I may request in writing an additional 180 day extension of the permit application prior to the application expiration. If the application is allowed to expire, it may only be reactivated by the filing of a new application including applicable.

- * ☐ I agree
☐ I do not agree

Has an Asbestos survey has been conducted in accordance with the Texas Asbestos Health Protection Rules and the National Emission Standards for Hazardous Air Pollutants for the area being removed and/or demolished?

- * ☐ Yes
☒ No (Permit cannot be issued prior to notification of survey being conducted.)
☐ Not Applicable

14. **Signature.** The verbiage on this section is the same as the application form and the applicant is required to select/check the box next to:

I have carefully read the completed application and know the same is true and correct and hereby agree that if a permit is issued all provisions of the city ordinances and state laws will be complied with whether herein specified or not. I am the owner of the property or the duly authorized agent. Permission is hereby granted to enter premises and make all inspection. I also affirm that the email address given above may be used for official communication concerning this application and permit

Permit Project Plan Check Invitation Applicant Upload Task Assignment

Attention John:

Welcome to the City of Dallas electronic plan review system, ePlan. This project invitation has been sent to you in response to your Permit Application request. A project has been created to allow you to electronically upload your drawings and required plan review checklist(s).

You have been assigned a task on Project: 1809121001

Click on [Project Access](#) to start the uploading process and follow the instructions below, or open the [quick reference guide](#).

1. Enter your User Login and Password.
2. Click on the Applicant Upload Task and accept the task.
3. To upload plans
 - a. Click on the "Drawings" folder.
 - b. Click the "Select Files to Upload" button and follow the instructions to upload your design drawings. Use the following file naming convention format to save your plans:
 - [Drawing Sheet ID_Work Description.pdf](#)
 - i. **Drawing Sheet Identifier:** Each drawing sheet file shall be identified with the correct discipline designator and a sheet number that conforms to the United States National CAD Standard, Version 6 www.nationalcadsstandard.org, which includes the AIA CAD Layer Guidelines and the Uniform Drawing System. For example, food service or kitchen plans would have a Drawing Sheet Identifier beginning with "QF" (Level 1 designation for Equipment; Level 2 designation for Food Service), not "FS" or "K". The drawing sheet number (i. e. Sheet Type Designator) after the discipline designators will be at the discretion of the project architect or engineer.
 - ii. **Work Description:** Free-text title of drawing sheet with the total number of characters in the filename not to exceed 20 characters, including spaces.
 - For Example: [QF1.05_POOL_BAR.pdf](#)
- c. Click the "Upload Files" button. Close upload window.

1. To download checklist(s)
 - a. Click on the "View Folders" button.
 - b. Click on the "Submission Requirements" folder.
 - c. On each file, select the checkbox and click on the download arrow to save the file(s) on your computer.
 - d. Print the document(s) and fill it out.
1. Once you have verified all files have the correct naming convention and that you have uploaded all required documents, check the "Upload Task Complete" Box and select "Upload Complete and Notify the City of Dallas".
2. Verify the task completion in the pop-up window.
3. Your drawings have now been submitted for Pre-Screen Review and Fee Generation by the City of Dallas. You will receive an email of your next task once this is completed by the City.

IMPORTANT: Please leave a w. 2" x h. 6" clear space at the top right corner of your 24" x 36" drawing sheets. The City of Dallas will use that space to accommodate the approval batch stamps. The space should start at 1.5" from the top and 4.5" from the right side. Click [here](#) to view an example.

Project:	1809121001
Task:	Applicant Upload Task
Project Access
